

Flush Face Lube Connectors

eliminate cross contamination & improve performance

Simplify your maintenance routine with
color coded, non-interchangeable
flush face lube connectors

HIGHER QUALITY WITHOUT HIGHER COST

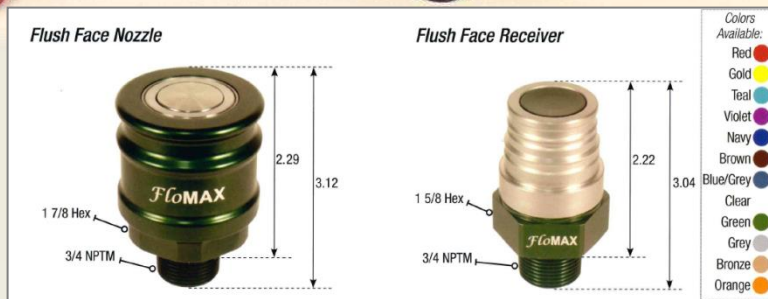

FloMAX connectors are the longest lasting in the industry. With 100% metal construction, stainless steel wear parts and aircraft grade anodized aluminum, these connectors outperform the competition with less upfront cost.

INCREASED FLOW RATES

The Flush Face Connector series offers 3/4" connectors capable of flowing up to 45 gpm (170 lpm) with working pressure rating of 750 psi.

HIGH PERFORMANCE WITH LOW MAINTENANCE

Easy to clean with smooth actuation and ergonomic design; these connectors are the top choice for fast paced, heavy-duty maintenance professionals. FloMax connectors incorporate an internally sealed ball lock mechanism to ensure trouble-free performance even in the harshest conditions. The series also includes a universal evacuation nozzle.

COMPREHENSIVE FUELING PROCESS SOLUTIONS

that won't impact the environment or your bottom line

- FUEL OVERFILL PREVENTION SYSTEMS – MOBILE FUEL DEPOTS
- HIGH FLOW FUEL FILTRATION – FUEL/LUBE CONNECTORS
- FUEL NOZZLE SALES & REPAIR – DEF STORAGE/DISPENSING

SUPERIOR DESIGN

With a hardened stainless steel receiver nose, FloMax connectors can be operated at higher pressures and can be connected or disconnected under pressure. Available in 12 colors, all with the same outer dimensions these non-interchangeable connectors eliminate the guess work.

Quality, Innovation & Value
