

Dry Break, Ball Lock Diesel Fuel Nozzle

a high performance, low cost fueling solution

FLOWTECH FUELING

all metal construction makes it tough enough to withstand the harshest conditions but light enough to make refueling a breeze

SUPERIOR PERFORMANCE AND LONGER LIFE

With stainless steel wear components and anodized aircraft-grade aluminum non-wear parts, the FloMAX Fuel Nozzles outperforms the competition with a considerably longer lifespan.

LOW COST WITH LESS MAINTENANCE

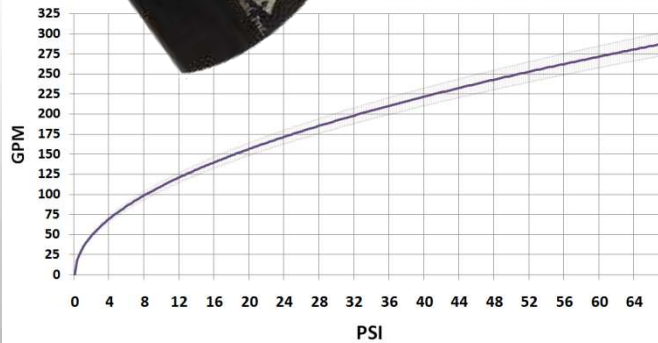

The upfront cost is surprisingly low & includes a ball-bearing hose swivel for easy positioning & hose maintenance. FloMAX fuel nozzles run longer with less maintenance due to the durable all metal construction.

SERVICE & SUPPORT

Based on lifespan tracking data, it is cost effective to rebuild a FloMAX nozzle up to three times. FlowTech tracks all fuel nozzles by serial number. To ensure quality control all nozzles are bench tested for flowrate & pressure following rebuild and before being returned to the customer.

FloMax FN600BL Fuel Nozzle

COMPREHENSIVE FUELING PROCESS SOLUTIONS

that won't impact the environment or your bottom line

FUEL OVERFILL PREVENTION SYSTEMS – MOBILE FUEL DEPOTS

HIGH FLOW FUEL FILTRATION – FUEL/LUBE CONNECTORS

FUEL NOZZLE SALES & REPAIR – DEF STORAGE/DISPENSING

TOP RATED BY FUELERS

The FloMAX fuel nozzle was designed by fuelers for fuelers. At 6.6 lbs, the nozzle is light-weight & easy to use with a built-in swivel, ball locking mechanism utilizing 10 stainless steel ball bearings, heat treated handle & a sealing plug to further increase longevity.
